

# PRODUCT DATA

## SAFETY SOLVENT ELECTRICAL CLEANER

### DESCRIPTION

A non flammable colourless liquid which dries quickly without residue. Has a boiling range in excess of 120°C.

### PRECAUTIONS

- Prolonged skin contact should be avoided.
- There is no fire hazard under normal conditions.
- It may not be used for cleaning oxygen lines of flame cutting equipment.

### TYPICAL APPLICATIONS

- Cleaning of electrical components
- It is a good solvent for grease, oil, gums and waxes.
- Cleaning of Rolls, Bearings and Fabrics.
- The cleaning of transformers, electric monitors and generators where water can be tolerated.
- All cleaning applications where reduced drying time is a major consideration.

### PACKAGING

Spectra Safety Solvent is available in the following sizes:

400g

20L

### APPLICATION PROCEDURE

The solvent must be used cold.

Solvent can be applied by brush, dipping or spray method.
